An articulation agreement has been formed so students have the ability to plan their undergraduate program to include courses that serve as a foundation for graduate study in business at Clarkson. These foundation courses include material required in the first year of study in the Master of Business Administration (MBA) program at Clarkson. Students who plan their undergraduate program carefully are able to earn an undergraduate degree and an MBA degree from Clarkson in five years. If necessary, any remaining foundation courses may be taken at Clarkson during the summer Business Concepts Program.
