MORRISVILLE STATE COLLEGE

State University of New York
College of Agriculture and Technology

Morrisville Mustangs

Morrisville State College, a residential college located approximately 30 miles between the cities of Syracuse and Utica in Central New York, offers the total college experience. The college allows students to experience the availability of a balance of activities both in and out of the classroom. The athletic program at Morrisville administers 16 intercollegiate athletic teams and a full schedule of intramural athletic opportunities.

Our athletes have contributed to our long-standing success as an institution and have brought home a number of regional and national titles. Many of the college's athletes have been named All-Americans. At Morrisville State College, athletes will find outstanding facilities and equipment. A dedicated staff of coaches and trainers act as mentors. The college also offers free tutoring for all students.

In 2009, Morrisville State College became an active Division III member of the National Collegiate Athletic Association (NCAA).

Morrisville State College begins membership with the North Eastern Athletic Conference (NEAC) along with Penn State - Abington and College of St. Elizabeth. Current conference members include Cazenovia College, Keuka College, Penn State - Berks, Penn State - Harrisburg, SUNY Cobleskill, SUNY Institute of Technology, Wells College and Wilson College.

Athletic Facilities

Morrisville State College has a variety of excellent athletic facilities designed to cultivate physical achievement and well-being; both among intercollegiate athletes and the campus community.

The Morrisville State College IcePlex houses two regulation-sized rinks and serves as home ice for the men's hockey team. Several community organizations also call the IcePlex home. Within the twin-rink ice complex are classrooms that provide hands-on training, a first-aid room, 11 locker rooms, offices, a game room, pizza and sub shop and a pro shop. The IcePlex hosts hockey tournaments and hockey camps, as well as ice skating shows by the IcePlex Figure Skating Club.

The college's outdoor facilities include a synthetic 400-meter track, six outdoor tennis courts, athletic fields for football, field hockey, soccer, softball and lacrosse.

Morrisville State College athletics is kicking off an exciting season as construction is underway on a new synthetic turf multi-purpose stadium, having the capability of hosting football, soccer, field hockey and men's and women's lacrosse.

Full-time athletic trainers are available to athletes for care and prevention of athletic injuries. An orthopedic doctor reports to campus once a week to evaluate athletes' injuries. The trainer is associated with the Hamilton Orthopaedic Office located 10 minutes from Morrisville State College.

Plans are under way to enhance an already impressive offering of athletic facilities. In the spring of 2007, a \$2 million renovation and expansion of the college's Recreational Center was completed. This project brought an artificial surfaced field house to campus. This facility is an invaluable resource for all the college's field-based teams for the playing season. The renovated Recreation Center also features a new athletic training room, which has the ability to serve athletes' daily needs as well as rehabilitative needs following injury. It is equipped with a variety of whirlpools, strength equipment and machines, and also contains a new laundry and equipment room, wrestling room, locker rooms for men and women and several Athletic Department staff/support offices. The Recreation Center also provides an indoor 200m track.

Future plans are to renovate and expand the college's fitness and wellness center located in the John W. Stewart Center for Student Activities (STUAC). The fitness center currently features a variety of weight training machines, treadmills, steppers, elliptical trainers and other aerobic machines. The area reserved for these activities will be expanded as part of the upcoming STUAC renovation. The current fitness center also contains a hardwood aerobics room. STUAC houses the main gymnasium (seated capacity 1,200), an auxiliary equipment/laundry room, Athletic Department staff offices, and additional men's and women's locker rooms. Recent STUAC renovations brought a new food court and lounge to the student center to better serve student needs.
