

About Morrisville

Morrisville State College, located in Central New York, offers bachelor degrees and a wide variety of associate degrees and options. Considered to be one of the most technologically advanced colleges in the nation for its ThinkPad University program and wireless technology initiative, the college was the first in the nation to comprehensively replace telephones in residence halls with individual cellular phones for students. Morrisville State College was also chosen as one of the top five colleges in the nation for campus activities by Campus Activities magazine. The Morrisville State College Norwich Campus offers programs in business, technologies, liberal arts/education transfer, and nursing to Chenango County area residents and employers.

To be eligible for NCAA competition, all student-athletes must be enrolled in a program leading to a baccalaureate degree and have taken the SAT exam.

Morrisville State Mustangs

Morrisville State College, a residential college located approximately 30 miles between the cities of Syracuse and Utica in Central New York, offers the total college experience. The college allows students to experience the availability of a balance of activities both in and out of the classroom. The athletic program at Morrisville State administers 16 intercollegiate athletic teams and a full schedule of intramural athletic opportunities.

Our athletes have contributed to our long-standing success as an institution and have brought home a number of regional and national titles. Many of the college's athletes have been named All-Americans.

At Morrisville State College, athletes will find outstanding facilities and equipment. A dedicated staff of coaches and trainers act as mentors. The college also offers free tutoring for all students.

In 2009, Morrisville State College became an active Division III member of the National Collegiate Athletic Association (NCAA).

Ice Hockey

The Mustangs ice hockey team was initiated in the fall of 1997 and quickly became the dominate program in National Junior Collegiate hockey within the United States since the 2000 season. In eight years of NJCAA competition, the Mustangs won four National Championships (02, 04, 05, 06), five EJCHL Championships, and participated in five straight National Championship games from 2002-2006. In the 2006-07 season, Morrisville State moved to the NCAA level as an independent team in Division III, and began league play in the SUNYAC in 2007-08. Looking ahead to 2009-2010, Morrisville State looks to become a fully accredited member of the NCAA at the Division III level.

The SUNYAC Conference, one of the deepest and most competitive ice hockey leagues in the nation at the Division III level, includes traditional rivals SUNY Cortland, Brockport, Potsdam, Plattsburgh (2008 NCAA Finalist), Oswego (2007 NCAA Champion), Fredonia, Geneseo and Buffalo State.

The ice hockey team practices and plays home games at the Morrisville State College IcePlex, an on-campus state of the art twin rink facility. The IcePlex houses the Mustang locker room with adjoining training room, a friend's room and player lounge, a pro shop and snack bar, and has room for 1,000 screaming fans.

The Mustang hockey program looks to carry on the outstanding winning tradition as it made the transition to the NCAA Division III ranks as a member of the formidable SUNYAC conference.

Brian Grady enters his third season as head coach of the Morrisville State College Ice Hockey program in the fall of 2009. The Mustangs posted an overall record of 5-19-1 in 2008-2009 and were 1-14-1 in SUNYAC play. Grady came to Morrisville State from St. Mark's School in Southborough, Mass., where he served as the Assistant Director of Athletics and head ice hockey coach from 2005-2007.

In two seasons, Grady has compiled an overall 10-39-1 record, 2-29-1 in SUNYAC play.

Grady spent the 2004-2005 season as the Assistant Men's ice hockey coach at Hamilton College, working with forwards and power play special teams, while assisting legendary head coach, and his father, Phil Grady, with all facets of recruiting, coaching and team preparation.

Prior to joining the hockey staff at Hamilton, he briefly served as the Assistant Director of ice hockey for Sky Rink at Chelsea Piers, a premier amateur sport facility in Manhattan.

Grady spent the 2002-2003 season as a Graduate Assistant hockey coach at the University of Maine, an NCAA Division I and Hockey East powerhouse that reached the NCAA "Elite Eight" that same year.

Prior to moving to Maine, Grady spent two years at the Salisbury School in Connecticut, from 2000-2002, as a history teacher and football, hockey, and baseball coach.

The Clinton, NY native played hockey and baseball at Hamilton College from 1996-2000 and was a four year letter winner in each sport. In his senior year with the Continentals, he served as team captain and helped lead the team to the NESCAC Semifinals before losing to eventual National Champions, Middlebury College. Grady was named the recipient of the college's prestigious "Kiwanis Award" for outstanding athletic achievement and the hockey program's "Sellers Award" for leadership and inspiration, and was also named to the East team for the NCAA Division III Senior All-Star game. In 1999 and again in 2000, he was named the baseball team's captain and most valuable player, earning All-NESCAC League First Team honors as a senior. Grady graduated with a B.A. in History from Hamilton in 2000 and is pursuing his M.A. in Communication Studies from The University of Maine.

Grady continues to be active in the community, serving as Assistant Director of both the Hamilton College and University of Maine summer hockey schools, while serving on the Central Region Ice Hockey Selection Committee for the Empire State Games and New York State Select Ice Hockey Festivals. He is an on-ice evaluator for the National Hockey Training Camp in Gorham, Maine and serves as an on-ice director of the National Collegiate Development Camp at Princeton University.

Grady and his wife Traci are the proud parents of a daughter, Madilynne. They reside in Clinton.

Assistant Coach

Kevin Krogol enters his first season as assistant coach of the Morrisville State College Ice Hockey program in the fall of 2008. Krogol will work specifically with the forwards and penalty kill situations on ice, in addition to his duties of recruiting, scouting, video breakdown and analysis, academic coordination, strength training and development, and all facets of coaching and team preparation for the Mustangs hockey program.

Krogol played college hockey for ECAC West power Utica College Pioneers as a forward from 2003 – 2007, serving as captain in his final season. In four years, Krogol tallied 19 goals and 12 assists in 78 games, earning ECAC West All-Academic honors in 2005. Utica made appearances in the ECAC West playoffs for four straight seasons (2004, 2005, 2006, 2007) during Krogol's years with the Pioneers, winning the ECAC West Regular Season Championship in 2005.

A native of Livonia, Mich., Krogol spent four seasons playing junior hockey in the North American Hockey League, first with the Danville Wings (Danville, Ill.) and then with the Soo Indians (Sault Ste Marie, Mich.), from 2001 – 2003. In all, Krogol has been a member of a National Championship team, three Michigan State championship teams, two state runner-up teams at the minor level and one National Championship team at the junior level.

Krogol has been instrumental in serving as a coach, instructor, and volunteer at several hockey camps, clinics and schools throughout North America, working with the Thunderbird Hockey School in Melvindale, Mich. and the Heenan Hockey School in Utica as a clinician.

Krogol received his B.S. degree in social sciences with a marketing concentration from Utica College in 2007 and currently resides in Utica.

About Morrisville State

Students at Morrisville State College choose from bachelor and associate degrees in more than 70 majors and options in the Schools of Agriculture and Natural Resources, Business, Liberal Arts and Science and Technology. Approximately 50 degree programs are ThinkPad University curricula where the use of laptop computers is fully integrated into academic life.

With 3,338 students, Morrisville offers an environment which encourages class participation and exploration and provides students with the opportunity to grow intellectually and personally. The student-to-faculty ratio at Morrisville is low, providing students with an opportune learning environment. Morrisville State College's academic programs include general education electives as well as courses in students' field of concentration.

Admission

Morrisville State College accepts students on a rolling admission basis. Requirements for admission to academic programs vary. SAT and ACT exams are required for students applying to bachelor degree programs. On-campus interviews are recommended.

Financial Aid

Morrisville State awards financial aid on the basis of need. More than 85 percent of the student body receives financial aid in the form of scholarships, grants, loans or an on-campus job. Many students participate in state and federal programs such as Pell and TAP grants.

Residential Life

Eleven residence halls offer a variety of living arrangements for students and a variety of dining facilities provide different meal options. Residence halls provide an opportunity for autonomy and affiliation in a supportive environment and serve as centers for organized social, cultural and educational activities.

Each residence hall offers study and recreational lounges, laundry facilities, wired and wireless computer access and a variety of vending machines. Each room is furnished with desks and chairs, beds, dressers, floor lamps and cable hookup.

There is always something to do on campus with more than 40 clubs and organizations, campus social activities as well as dramatic and musical productions.

Athletic Facilities

Morrisville State College has a variety of excellent athletic facilities designed to cultivate physical achievement and well-being, both among intercollegiate athletes and the campus community.

The Morrisville State College IcePlex houses two regulation-sized rinks and serves as home ice for the men's hockey team. Several community organizations also call the IcePlex home. Within the twin-rink ice complex are classrooms that provide hands-on training, a first-aid room, 11 locker rooms, offices, a game room, pizza and sub shop and a pro shop.

The college's outdoor facilities include a synthetic 400-meter track, six outdoor tennis courts, and athletic fields for football, field hockey, soccer, softball and lacrosse.

Full-time athletic trainers are available to athletes for care and prevention of athletic injuries. An orthopedic doctor reports to campus once a week to evaluate athletes' injuries. The trainer is associated with the Hamilton Orthopaedic Office located 10 minutes from Morrisville State College.

In the spring of 2006, ground was broken on a \$2 million renovation and expansion of the college's Recreational Center. This project, complete in January 2007, brought an artificial surfaced field house to campus. The renovated Recreation Center also features a new athletic training room, which will have the ability to serve athletes' daily needs as well as rehabilitative needs following injury. It will be equipped with a variety of whirlpools and strength equipment and machines. The facility also contains a new laundry and equipment room, wrestling room, locker rooms for men and women and several Athletic Department staff/support offices. The Recreation Center also provides an indoor 200m track.

Future plans are to renovate and expand the college's fitness and wellness center located in the STUAC. The fitness center currently features a variety of weight training machines, treadmills, steppers, elliptical trainers and other aerobic machines. The area reserved for these activities will be expanded as part of the upcoming STUAC renovation. The current fitness center also contains a hardwood aerobics room. STUAC houses the main gymnasium (seated capacity 1,200), an auxiliary equipment/laundry room, Athletic Department staff offices, and additional men's and women's locker rooms. STUAC renovations, complete in the fall of 2006, brought a new food court and lounge to the student center to better serve all students.
