

## **Other Federal Student Financial Aid Programs**

A large number of special-purpose Federal programs exist, many of which are administered through specific institutions of post secondary education. Most of these programs would be of interest to relatively small numbers of students and prospective students, by virtue of need or special interest, or both. Some are available only to graduate or professional students, in certain fields. Some carry with them periods of obligated service.

The most authoritative, although certainly not the only reference for additional information on these, and many other programs, is published annually:

1996 Catalog of Federal Domestic Assistance, Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.
