The Norwich Campus provides high demand associate degree programs, customized training, continuing education, and professional development to residents and employers of Chenango County and South Central New York.

Internships Available for Norwich Campus Students

Norwich Campus Students – have you considered participating in an internship to enhance your educational experience? Internships give students the ability to explore potential career paths while gaining valuable hands-on experience in the field. It is not too late to add an internship for the fall semester, and it is never too early to begin thinking about one for the spring term! Internships are currently available at Pathfinder Village, Anam Cara Stables Therapeutic Riding Center, STAR (tutoring Norwich Middle School students), Chenango United Way, Opportunities for Chenango, Catholic Charities, The Place, and Guernsey Memorial Library in areas such as human services, office technology, business, accounting, and computers. You are also encouraged to design your own internships in your field of study. For more information, please contact Nancy Heiss (heissne@morrisville.edu or 607-334-5144) or come to an internship interest meeting on Tuesday, September 18, at 5 p.m. in the Everett A. Gilmour Memorial Library (Norwich Campus).
