

REQUEST FOR MEDICAL EXEMPTION FOR COVID-19 VACCINATION

Student Name: _____

Date of Birth: _____

M number: _____

This form and any supporting documents should be emailed to the Director of Student Health and Counseling Services at babowidp@morrisville.edu.

MEDICAL EXEMPTION POLICY:

All students are advised that the SUNY COVID-19 vaccine policy requires completion of a full series within thirty-five (35) days following full FDA approval. Completion of a full COVID-19 vaccine series is defined as having received the second dose in a two-dose series (e.g., Pfizer-BioNTech or Moderna) or having received a single-dose vaccine (Johnson & Johnson/Janssen). Students may be exempt from the mandatory vaccination requirement if a licensed healthcare provider certifies in writing that the student has a medical contraindication to the COVID-19 vaccine. Students requesting medical exemption are required to submit the completed documentation from a healthcare provider. All students are advised that SUNY Morrisville will require compliance with this policy ten (10) days following full FDA approval.

Upon review, the student will be notified by campus email of the outcome of the request. This form and any supporting documents should be emailed to the Director of Student Health and Counseling Services at babowidp@morrisville.edu.

Please check each box to acknowledge:

While my request is pending, I understand that I must comply with the campus' COVID-19 related health and safety protocols (e.g., masks/face coverings, social distancing, regular surveillance testing) applicable to unvaccinated or partially vaccinated individuals as a condition of my physical presence in a SUNY Facility.

I certify that I have confirmed with my academic program that not receiving the COVID-19 Vaccination will not prevent the completion of my programmatic or curricular requirements.

If my request is granted, I understand that I will be required to comply with the campus' COVID-19 related health and safety protocols (e.g., mask/face coverings, social distancing, regular surveillance testing) if accessing a SUNY Facility as a condition of my on-going physical presence. I am aware that should a COVID-19 outbreak occur at the campus that I may be excluded from all in-person classes and activities and that if I am enrolled in courses that require a physical presence on campus that I may not

be able to complete my academic coursework remotely. I acknowledge that any refund I might be entitled to in the case of a COVID-19 outbreak would be subject to all existing SUNY policies.

I certify that my statement above, and all supporting documentation, are true and accurate, and that I hold a sincere and genuine religious belief that is contrary to the receipt of the COVID-19 vaccination.

Signature*: _____ Date: _____

*Student, but Parent or Legal Guardian must sign if the student is under 18 years old as of first day of classes.

Part II. Medical Exemption Request (to be completed by medical provider)

A licensed medical provider (Physician, Physician Assistant, or Nurse Practitioner) and student should review [the CDC guidance](#) regarding contraindications for COVID-19 vaccines. The provider must complete Section(s) A and/or B and provide their provider information in Section C.

Section A. Medical Provider Certification of Contraindication: I certify that my patient (named above) cannot be vaccinated against COVID-19 because of the following contraindication:

Please select which of the medically indicated COVID-19 vaccine contraindications defined by the CDC apply:

- Severe allergic reaction (anaphylaxis) after a previous dose or to a component of the COVID-19 Vaccine, including Polyethylene Glycol (PEG). *(Describe reaction/response below and contraindication to alternative vaccines.)*
- Immediate allergic reaction to previous dose or known (diagnosed) allergy to a component of the vaccine. *(Describe reaction/response below and contraindication to alternative vaccines).*

Additional details on the selected option(s) above (to be completed by the medical provider):

Please note that **NONE of the following are considered contraindications** to the COVID-19 vaccine.

- Local injection site reactions to previous COVID-19 vaccines (erythema, induration, pruritus, pain).
- Expected systemic vaccine side effects in previous COVID-19 vaccines (fever, chills, fatigue, headache, lymphedema, diarrhea, myalgia, arthralgia).

- Previous COVID-19 infection.
- Vasovagal reaction after receiving a dose of any vaccination.
- Being an immunocompromised individual or receiving immunosuppressive medications.
- Autoimmune conditions, including Guillain-Barre Syndrome.
- Allergic reactions to anything not contained in the COVID-19 vaccine, including injectable therapies, food, pets, oral medications, latex etc. (Please note the COVID vaccine does not contain egg or gelatin).
- Alpha-gal Syndrome.
- Pregnancy, undergoing fertility treatment, intention to become pregnant or breast-feeding. (Please note the American College of Obstetricians and Gynecologists, the Society for Maternal-Fetal Medicine and the Society for Reproductive Medicine all strongly recommend COVID-19 vaccination during pregnancy).
- The medical condition of a family member or other residing in the same household as the employee.

Clinician Certification: **By completing this form, you certify that different methods of vaccinating against COVID-19 have been fully considered and that the patient has the contraindication indicated above that precludes any/all available vaccinations for COVID-19.** Information about approved medical exemptions for COVID-19 vaccination can be reviewed at <https://www.cdc.gov/vaccines/covid-19/clinical-considerations/covid-19-vaccines-us.html>

Section B. Medical Provider Certification of Disability That Makes COVID-19 Vaccination Inadvisable

“Disability” is defined as any impairment resulting from anatomical, physiological, genetic, or neurological conditions which prevents the exercise of a normal bodily function or is demonstrable by medically accepted clinical or laboratory diagnostic techniques and any other condition recognized as a disability under applicable law.

“Disability” may include pregnancy, childbirth, or a related medical condition where reasonable accommodation is medically advisable.

I certify that my patient (named above) has the following disability that makes COVID-19 Vaccination inadvisable:

Additional details on why the disability listed above makes COVID-19 Vaccination Inadvisable (to be completed by the medical provider):

The patient's disability is: Permanent
 Temporary

If temporary, the expected end date is: _____

Section C. Medical Provider Information

Provider Name: _____

Provider National Provider Identifier (NPI): _____

Provider Specialty: _____

Provider Employer/Affiliation: _____

Provider Phone: _____

Provider Signature: _____ Date of signature: _____

For college use only

Request Approved: ___ Denied: ___ Date: _____

If denied, specific reason(s) for denial:
