

SUNY Morrisville Student Attestation Professional Licensure or Certification

Many professions and certifications are governed by state or territorial regulations. These regulations often dictate specific educational requirements for licensure or certification. For this reason, some of SUNY Morrisville programs or courses that lead to professional licensure and New York State certification may not meet the educational requirements of all states and territories.

Why am I required to complete an attestation?

Federal regulation, § 668.14(b)(32)(i) and (ii), requires students to complete an attestation at the time of initial enrollment at SUNY Morrisville into a professional licensure or state certification program that does not meet the educational requirements for the state or territory where the student is located. The attestation serves as a crucial tool to ensure that students engage in the decision-making process with full awareness and consent.

The attestation requires students to:

1. Disclose their intentions and plans for professional licensure upon graduation from SUNY Morrisville and outline educational goals and future plans for employment.
2. Acknowledge that they have been informed by SUNY Morrisville that the program for which they intend to enroll is not designed to meet the educational requirements for licensure or certification in the state where they are located.
3. Attest to seek employment in a state that meets the educational requirements for licensure or certification.
4. Confirm that SUNY Morrisville has provided program advising and alternative options and resources related to their pursuit of professional licensure or state certification.

SUNY Morrisville is committed to complying with federal regulations and demonstrating transparency. The College has implemented a robust student attestation process to ensure that students are fully informed about how the College's professional licensure and certification programs align with the educational standards of a state or territory, empowering them to make informed decisions about their education and future career paths. SUNY Morrisville Student Attestation Form is outlined below.
