

Dear Students:

This is the last week of tutoring for Spring 2020, and all tutoring is currently online. To work with a tutor online, find the hours of a tutor who can help with your course on this schedule, and then sign into the online tutoring system at that time. To sign into the online tutoring system, follow these instructions:

1. Sign into your Blackboard account
2. Go to your My Institution tab/page.
3. Choose the Tutoring Center listing under the Tools box.
4. Read the welcome message, and click continue.
5. Click on the arrow in the white box for One-on-One Live Rooms.
6. Click the box for the tutor who lists the course or subject you would like to work on.

All tutoring in this format will be one-on-one and on a drop-in, first-come, first-served basis during the tutor's posted hours on this schedule.

To find a tutor for your course, look up your classes by subject. Under each subject, course numbers are listed. Next, find the tutors who are listed with your course numbers; then, you will see their work schedules. "R" stands for Thursday. [NightOWL/STAR-NY](#) online tutoring is also available for about 10 subjects and is available 7p-midnight Sundays through Thursdays.

We wish you much success as you complete your classes this semester!

Sincerely,

Stephanie L. Lawhorne

Writing Tutors and ESL/ELL Tutors

Writing tutors can help with reading and writing assignments for any class. ESL/ELL writing tutors specialize in helping students whose first language isn't English. Tutors listed later in this document under COMP can also help with reading and writing assignments for those specific courses. Tutoring for writing assignments from any course (except foreign languages) is also available online through [NightOWL/STAR-NY](#).

Campbell Copland (writing assignments)	MW 11a-2p; F 11a-3p
Catherine Jones (ESL & writing assignments)	M 1-5p; TW 2-5p
