

Dear Students:

The Tutoring Center begins its services on the first day of classes. Currently, there is no out-of-pocket fee charged to work with our tutors. During Spring 2021, tutoring will be available virtually and in person. Some tutors will be available virtually (using Teams or GoBoard), others will be available face-to-face, and others will be available both virtually and in person. Tutoring sessions need to be scheduled in advance due to the ongoing pandemic. You can set up appointments through Starfish (instructions are linked to our tutoring schedule [webpage](#)). Most tutors require appointments to be scheduled at least 24 hours in advance.

This schedule shows the tutors who are available, when they tutor, and what courses they can tutor. The schedule is revised weekly, so please save an electronic copy or bookmark its location on our [webpages](#) rather than print it to save some trees. **Changes** made since the previous version of the schedule are **underlined and in bold**. **Yellow highlights** are used to **lessen confusion** about which courses and hours go with which tutor.

This schedule is organized alphabetically by subject. Under each subject are course numbers for the classes taught this semester. Beside those course numbers, the names of the tutors who can help with those course names and numbers are listed. Each tutor then has a unique set of days and times when they are available for tutoring appointments. Day of the week abbreviations are as follows: Su for Sunday, M for Monday, T for Tuesday, W for Wednesday, R for Thursday, and F for Friday. Currently, we don't tutor on Saturdays.

To find tutors for your courses, look up your classes by subject. Under each subject, check for your particular course numbers. Next, find the tutors who are listed with your course numbers; then, you will see their work schedules. If a tutor's hours are listed as TBA, that means their hours are not yet available. Then, you log into Starfish and follow the steps to book an appointment during one of their hours.

[NightOWL](#) online tutoring (drop-in only) is also available for about 10 subjects as noted with asterisks by those subjects and began February 3, for this semester.

If you do not see a tutor for one of your courses or if the tutors' hours do not work for you (or if you have any other questions), then email TutoringCenter@morrisville.edu for assistance. We look forward to working with you soon!

Sincerely,

Stephanie L. Lawhorne
