

Morrisville State College Graduate Outcomes Report

Class of 2015/16

Each year, the Office of Career Services collects information on where our alumni were employed or continued their education within one year of graduation. We are proud to report the following outcomes for those that graduated July 1, 2015 through June 30, 2016.

All graduates	Number	Percentage
Total graduates	684	
Total graduates with reported outcomes	443	
Total knowledge rate		64.8%
Employed*	283	63.9%
Continued education	158	35.7%
Other	2	0.5%
Employed in New York State		83.9%
Employed out-of-state or abroad		16.1%
Continued education within New York State		94.4%
Continued education out-of-state or abroad		5.6%
Continued education in another MSC program		86.0%
Number of other states and countries employed or continued education in	25	
Associate graduates only		
Employed*	110	42.5%
Continued education	147	56.8%
Other	2	0.8%
Bachelor graduates only		
Employed*	173	94.0%
Continued education	11	6.0%

* Includes self-employed and military service

Information was collected by Career Services through at-graduation surveys; e-mail and in-person follow up with graduates; outreach to faculty, athletic coaches, administrative advisors, on-campus employers, school secretaries, and other campus parties; and LinkedIn and Facebook (included only if con-firmable) within 12 months of the individual's graduation date.

Outcomes for individual graduates for 2015/16

Following are the outcomes for individual graduates, listed alphabetically by major by degree level (associate, then bachelor), for 442 graduates, or a 65% knowledge rate.

Numbers shown under "Job Title or Major" denote the number of graduates from the respective major enrolling in the new major indicated or the number of graduates employed by the organization indicated
