

Summary of outcomes for 2016/17 graduates for Morrisville State College

Prepared by the Office of Career Services

Following is the summary of where our 2016/17 graduates worked or continued their education within 12 months of their respective graduation dates. The survey covers the classes of August 2016, December 2016, and May 2016.

A knowledge rate of 70.1% was achieved, with the majority of the information provided directly from graduates, either in a survey taken at the time of their graduation, in person, or in response to e-follow up with them, or from MSC enrollment records. Additional information was secured from faculty, coaches, on-campus employers, and other campus staff who maintained contact with graduates. LinkedIn was used when the information was considered reliable; Facebook was utilized only to secure supplemental information or if primary information could be validated by the appropriate faculty.

10.4% of our 2016/17 graduates are working and studying in 19 other states and two foreign countries, with 89.6% working or studying in New York State.
