3) Game Rules

- You will have 5 minutes to show up for your game before you are disqualified, should you be disqualified you will not be allowed to rejoin or ask for a later game. You will have set times, if you have a problem with it please contact Angela Rhodes. Should only one party show up, would make it an automatic win for the party in the lobby. Should neither parties show up, that bracket branch will be voided.
- This will be a 1v1 double elimination tournament meaning there will be no cross teaming of any kind.
- The decision of what circumstances merit a game restart will be up to the MES Board/Tournament hosts and solely up to the MES Board. Restart protocol will be determined and communicated to the team before being executed.
- In the event of a tie, another match will be played to determine the winner or, if short on time, will be determined by either a coin flip or a classic game of rock, paper, scissors.
- There will be no streaming allowed as it will be a Face to Face competition, but spectators are allowed, BUT must be quiet at all times, as that would be considered cross teaming.
- Players are not permitted to use the pause feature during game play, and each player is allotted a certain amount of time outs during the match.
- The MES Board/Tournament Hosts, will be keeping an eye on all games as Referees.

4) Rules and Conduct Violations

- Should someone violate any of the above rules, they will be disqualified and banned from any other MES Tournaments for the rest of the semester
