

Equine Science and Management - Required Equipment

The following is a list of required equipment for the fall semester.

- Riding Helmet with harness (Current ASTM F-1163-00/SEI Certified)
- Boots for riding and barn work (hard soled, over the ankle, and low heeled – such as work boots, paddock boots, English riding boots or low heeled western boots). No steel-toed shoes or boots.
- Grooming Kit* comprised of:
 - Hard Brush
 - Soft Brush
 - Rubber Curry
 - Pulling Comb
 - Hoof Pick
 - Sweat Scraper
 - Stable Towel
 - Large Sponge
 - 6-8' Cotton Lead Rope
 - Carry Caddy/Bag
 - Hunter Green or Black Polo Wraps

*These items are available for purchase at the campus store.

Students should have all of these items for the first Equitation I Lab and Stable Management Lab. Sophomores will be required to have certain pieces of equipment depending on discipline.
